

## **Membership Report for the Annual Meeting 2025**

As Secretary and Chair, Membership Committee, I am please to present the Membership Report of the Royal Heraldry Society of Canada for 2025.

The Membership of the Society for the year ending 31st December, 2024 stood at 428. This is the highest it has been since 1992. While these numbers look impressive I caution all member that we are still coming out of the pandemic and those that joined during that time have not been renewing. Having said that I am optimistic for the future membership growth of the Society.

The Society's current paid up membership is 324, and their are 106 that have not renewed this year so far. These numbers are actually excellent and puts us on track to have about 420 members by the end of the year. My membership goal for this year is 412. This is in line with my target of a 3% year growth in the membership.

The addition of the Household/Family membership has become very popular and currently stands at 21. This category allows spouses/partners/family members to join the Society without having to pay the full Regular fee and therefore duplicate the sending of journals.

Later this year we will be finalizing the the details of the Life Membership category. The plan is to have it introduced with the new website. This will allow interested members to take out a life membership and will benefit them and the Society.

The proposed Membership Booklet is delayed and will be taken up again in the summer months.

I have included some statistics with this report.

Respectfully submitted,

Stephen Murray, BA, TESL, CPPA, FRHSC  
1st Vice President, Hon. Secretary, and Chair, Membership Committee
